ABES Institute of Technology

📅 2022 – 2026   📍 Ghaziabad,UP

Intermediate - 75%

Amatir Kanya Gurukul

📅 2020-2022   📍 Kurukshetra, Haryana

Secondary Higher Education - 71%

Amatir Kanya Gurukul

📅 2018-2020   📍 Kurukshetra, Haryana

PROJECTS

Online Job Portal

- (HTML, CSS, JavaScript, MySQL)
- The Project is used to develop a dynamic web-based platform that connects job seekers with employers. The portal allow users to register, create profiles, search and apply for jobs, while employers can post vacancies, review applications and shortlist candidates.
- Integrated advanced job search and filter functionalities using REST APIs.
- Designed with a user-friendly interface and secure authentication to ensure a seamless user experience.

Online Blood Bank Management System

- (HTML, CSS, JavaScript, React.js, Node.js, Express.js, MySQL / MongoDB)
- This website automates donor registration, blood availability tracking, and request processing for efficient management.
- Provides real-time data on blood stock levels and enables emergency alerts for urgent requirements.
- Generates reports on donation history, blood group statistics, and inventory management.

E-Commerce Food Website

- (HTML, JavaScript, CSS)
- This website which helps people to buy food items easily on internet. It is useful in the way that it makes an easier way to buy the food items online. Feature rich with working wishlists and cartfunctionality
- The website highlights the significance of a user-friendly interface that facilitates easy navigation, quick ordering, and personalized recommendations to enhance user engagement and satisfaction.
